

# Curriculum Vitae

N. Harris McClamroch

## Department:

François-Xavier Bagnoud Building  
Department of Aerospace Engineering  
The University of Michigan  
Ann Arbor, Michigan 48109-2140

## Home Address:

4056 Thornoaks  
Ann Arbor, Michigan 48104  
telephone: (734) 971-3949

## Communications:

e-mail: [nhm@umich.edu](mailto:nhm@umich.edu)  
<http://aerospace.engin.umich.edu/people/faculty/mcclamroch/>

## Higher Education:

B.S. in Mechanical Engineering, The University of Texas, Austin, 1963.  
M.S. in Mechanical Engineering, The University of Texas, Austin, 1965.  
Ph.D. in Engineering Mechanics, The University of Texas, Austin, 1967.

## Professional Experience:

Assistant Professor of Aerospace Engineering, 1967-71; The University of Michigan, Ann Arbor.  
Associate Professor of Aerospace Engineering, 1971-77; The University of Michigan, Ann Arbor.  
Professor of Aerospace Engineering and Electrical Engineering and Computer Science, 1977-2010; The University of Michigan, Ann Arbor.  
Professor Emeritus of Aerospace Engineering and Electrical Engineering and Computer Science, 2010-present, The University of Michigan, Ann Arbor.  
Chair, 1992-1996, Department of Aerospace Engineering,

The University of Michigan, Ann Arbor.

Assistant Professor, 1968-71; Associate Professor, 1971-77; Professor, 1977-1983  
in Program in Computer, Information and Control Engineering, The University  
of Michigan, Ann Arbor.

University of Michigan affiliations:

Computer, Information and Control Engineering Program, 1968-1984.

Program for Study of Complex Systems, 1992-2010.

Artificial Intelligence Laboratory, 1989-1993.

Center for Research in Integrated Manufacturing, 1982-1989.

Sabbatical leave: NASA Ames, NASA Langley, Twente University (Enschede,  
the Netherlands), University of Texas, Dallas, and other locations,  
January-May, 1996.

Sabbatical leave at Artificial Intelligence Laboratory, University of Michigan,  
Ann Arbor, MI, January-May, 1989.

Staff Member at C.S. Draper Laboratory, Cambridge, Mass., May-September, 1982.

Sabbatical leave at C.S. Draper Laboratory, Cambridge, Mass., January-May, 1982.

Research Engineer at Sandia Laboratories, Albuquerque, N.M., May-September,  
1977.

Research Engineer at Technical University of Delft, The Netherlands, Control  
Engineering Laboratory, May-September, 1976.

Sabbatical leave at Control Engineering Department, Cambridge University,  
England, January-July, 1975.

Research Interests:

Linear and nonlinear control systems: optimization, stability, estimation, feedback;  
application of modeling, mathematical analysis and computational methods to  
problems involving control of mechanical systems, especially aircraft and  
spacecraft systems.

PhD Students

Ronald B. Zmood; 1971; Royal Melbourne Institute of Technology, Melbourne, Australia

Chelsea C. White; 1974; Georgia Institute of Technology

James D. Blight; 1975; Boeing Aircraft

Daniel R. Hegg; 1976; Retired, C. S. Draper Laboratory

Myung Jin Chung (co-chair with C. S. G. Lee); 1983; Korea Advanced Institute of Science and Technology

Ahmed I. Iskanderani; 1984; King Abdulaziz University Jidda, Saudi Arabia

Han-Pang Huang; 1986; National Taiwan University

Charles J. Conrad; August, 1986; consultant, Ann Arbor, Michigan

Fung-Yuan Gou; 1988; Taiwan, ROC

Gurkirpal Singh (co-chair with P. T. Kabamba); 1988; Jet Propulsion Laboratory

Tao Guo (co-chair with N. Narasimhmurthi); 1989; Marietta, Ga.

Danwei Wang; 1989; National Technological Institute, Singapore

Chih-Ping Lee; 1989; United Postal Service

Chi-Chang Ho; 1991; Taiwan, ROC

Mahmut Reyhanoglu; 1992; Embry Riddle University

Hariharan Krishnan; 1992; General Motors Corporation

Liang-Boon Wee; 1992; DSO National Laboratories, Singapore

David LeBlanc; 1994; University of Michigan Transportation Research Institute

Darren Schumacher; 1994; SPX Corporation

Ilya Kolmanovsky; 1995; University of Michigan

Chunlei Rui; 1997; Boeing Defense and Space

Saif A. al-Hiddabi, 2000; Sultan Qaboos University, Oman

Sangbum Cho, 2001, Seoul National University, Korea

Jinglai Shen, 2002, University of Maryland, Baltimore County

Amit Sanyal, 2004, Syracuse University

Nalin Chaturvedi, 2007, Apple

Taeyoung Lee, 2008, George Washington University

#### Professional Activities:

Associate Editor for Technical Notes and Correspondence of IEEE Transactions on Automatic Control (responsibility for obtaining peer reviews and making publication decisions on 400 technical papers per year), 1985-1989.

Editor of IEEE Transactions on Automatic Control (responsibility for overall management of the Transactions review and publication process; processing of more than 1000 technical papers per year), 1989-1992.

Chair, Editorial Board of IEEE Transactions on Automatic Control, 1989-1992.

#### Editorial Boards:

Journal of Nonlinear Science, 2009.

SIAM Book Series in Advances in Design and Control, 1998-2003.

IEEE Transactions on Automatic Control

Editor for Technical Notes, 1985-1992.

Associate Editor at Large, 1999-2006.

Journal of Dynamical and Control Systems, 1994-2000.

IEEE Transactions on Robotics and Automation, 1993.

Special Issue Editor (with B. Sridhar); "Air Traffic Control," IEEE Transactions on Intelligent Transportation Systems,

Part I, Vol. 1, No. 4, December, 2000,

Part II, Vol. 2, No. 2, June, 2001.

Member of Board of Governors of IEEE Control Systems Society, 1988-1999.

Member of Executive Committee of IEEE Control Systems Society,

1989-1992; 1994-1999.

IEEE Control Systems Society Officer

Vice President, Publications, 1994

Vice President, Finance, 1995, 1996.

President-Elect, 1997.

President, 1998.

Chair, Awards Committee, 2001.

Chair, IEEE Fellows Evaluation Committee, 2002-2004

IEEE Technical Activities Board, 1998.

IEEE Systems Council Administrative Committee (representative from Control Systems Society), 2007-2009

Conference and Workshop Organization

Program Committees

IEEE Conference on Decision and Control

American Control Conference

AIAA Guidance, Navigation and Control Conference

SIAM Conference on Control Theory and its Applications

Conference on Control, Automation, Robotics and Vision.

Program Chairman, 1994 IEEE Conference on Decision and Control, Orlando, FL.

General Chair, 1999 IEEE Conference on Control Applications, Hawaii.

Organizing Committee, NSF/CSS Workshop on New Directions in Control Engineering Education, 1999, University of Illinois.

Organizing Committee, Workshop for High School Teachers of Mathematics and Science: Ideas and Technology of Control and Systems, NSF, 2000, Chicago.

Organizer of numerous invited sessions at professional conferences

IEEE Conference on Decision and Control

American Control Conference

AIAA Guidance, Navigation and Control Conference

SIAM Conference on Control and Systems Theory.

Consultant to Mathematical Reviews.

National Science Foundation Panels

Presidential Young Investigator Awards, Engineering Systems, 1989  
Research Initiation Awards, Mechanical Systems, 1990  
Intelligent Control Panel, 1992  
Earthquake Control Panel, 1993  
Research-Curriculum Development Panel, 1994  
Learning and Intelligent Systems Panel, 1997  
Controls, Networks and Computational Intelligence Panel, 2001  
Panel, 2003  
Career Panel, 2006

Professional consultant to industrial corporations.

Membership in Professional Societies:

Institute of Electrical and Electronics Engineers  
Control Systems Society  
Systems, Man and Cybernetics Society  
Robotics and Automation Society  
Neural Networks Council  
American Institute of Aeronautics and Astronautics  
Society for Industrial and Applied Mathematics  
American Association for the Advancement of Science

Honors and Awards:

Pi Tau Sigma.

Tau Beta Pi.

University of Michigan Distinguished Service Award, 1970.

Fellow of the IEEE "for contributions to the theory of stability and control of nonlinear feedback systems," 1988.

Distinguished Member Award, IEEE Control Systems Society, 1992.  
Service Award, Department of Aerospace Engineering, The University of Michigan, 1996.

IEEE Third Millennium Medal, 2000

HarrisFest: a research symposium in honor of 60th birthday, October 18, 2002

Plenary Address at the IEEE International Conference on Control Applications on “Pendulum Dynamics and Control Problems: The Planar Pendulum, the Spherical Pendulum, and the 3D Pendulum,” Toronto, 2005.

Department of Aerospace Engineering Award, 2008

HarrisFest 2010: a research symposium in honor of UM retirement, May 22, 2010

#### U of M Administrative Responsibilities:

Acting Chair, Program in Computer, Information and Control Engineering,  
Winter term, 1979.

Chair, College of Engineering Curriculum Committee, 1980-1981.

Chair, Curriculum Committee of (graduate) Program in Computer, Information and Control Engineering and (undergraduate) Computer Engineering program, 1973 -1977, 1983-84.

Chair, Senate Advisory Committee on University Affairs, 1987-88; responsibility for operation of all Faculty Senate activities

Chair, Department of Aerospace Engineering, January, 1992-December, 1995.  
Management of Department

24 faculty members, 12 staff members, 250 undergraduate students,  
160 graduate students)

Chair Advisory Committee, College of Engineering.

Construction of François-Xavier Bagnoud Building.

Move from Aero Building to François-Xavier Bagnoud Building.

Undergraduate curriculum review.

Establishment of external industrial advisory committee.

Establishment of new Master of Engineering degrees.

Faculty promotion and tenure cases.

Regular personnel and budget decisions.

#### Departmental Activities:

Course scheduling coordinator for Program in Computer, Information and Control Engineering, 1970-1984.

Graduate program advisor in Program in Computer, Information and Control

Engineering, 1970-1984.

Program Committee for Program in Computer, Information and Control Engineering, 1979-1982.

Numerous ad hoc committees in Program in Computer, Information and Control Engineering, in Department of Aerospace Engineering, and in Department of Electrical Engineering and Computer Science.

Graduate program advisor in Department of Aerospace Engineering, 1984-1991.

Chair, Graduate Committee in Department of Aerospace Engineering, 1988-1990.

Faculty search committee, Department of Aerospace Engineering, 1988-1993, 1998.

Chair, Undergraduate Committee in Department of Aerospace Engineering, 2004-2008

#### College of Engineering Activities:

College of Engineering Curriculum Committee, 1978-1981.

Center for Research on Integrated Manufacturing, Robotics Division Management Committee, 1984-1988.

College of Engineering Control Coordinating Committee, 1984-1990.

Numerous reappointment, promotion and tenure committees.

College of Engineering Executive Committee: 1989-1991.

College of Engineering policies.

Hiring decisions.

Promotion and tenure decisions.

Strategic Resources Planning Group, 1993-1994.

Budget planning for College of Engineering.

College ombuds, 2003-2004.

#### University Activities:

Research Policies Committee, 1979-1982

Chair, subcommittee on Status of Research Scientists.

Rackham Graduate School Divisional Board, 1982-1985.

Senate Assembly, 1983-1987.

Committee on Economic Status of the Faculty (CESF), 1983-1985  
Chair, subcommittee on Health Benefits.

Senate Advisory Committee on University Affairs: the Executive Committee of the University of Michigan faculty governance system, 1985-1988

Financial Affairs Committee, 1985-1986

Academic Affairs Advisory Committee, 1985-1986

Budget Priorities Committee, 1986-1987

Computer Policies Committee, 1986-1987

Information Technology Policy Committee, 1987-1989

Tenure Issues Liaison Group, 1986-1988

Presidential Committee on the Athletic Department, 1987.

Chair, SACUA, 1987-1988

University Executive Officers meetings, 1987-1988

Academic Affairs Advisory Council, 1987-1988

Provost's Strategic Planning Group, 1987-1988.

President's Task Force on Safety and Security, 1989-1990.

Co-Chair of Provost's Academic Working Group on Information Technology, 1991-1992.

Alumni Association Board of Governors, faculty representative, 1990-1993.

Rackham Executive Board, 1992-1993.

Executive Committee of Program for Study of Complex Systems, 1993-2000.

Executive Committee, UM Transportation Research Institute, 1997-2001.

University of Michigan Transportation Research Institute Director Search Committee, 1998-1999.

Chair, Review Committee for Center for Study of Complex Systems, 2001.
